

# Sabbatical leave at IRES

4 to 6 month research stay

## Profile

- An internationally recognized researcher in economics, with tenure in their university;
- Specialized in one of IRES' main research areas
- Interested in developing long term collaborations with IRES' members;
- Committed to share expertise with young researchers and participate to the academic life of IRES.

## Practical Info

- 4 to 6 months of sabbatical at IRES, located in the center of Louvain-la-Neuve, 30km from the center of Brussels (40mn by train);
- Starting in September 2023 or in January 2024;
- Reimbursement of travel and accommodation expenses in Belgium for up to 10,000 euros;
- Access to office space, secretarial assistance, the University's library, IT facilities and support...

## About IRES

**The Institute of Economic and Social Research (IRES)** is a leading research center in economics at the Université catholique de Louvain, in Belgium. IRES has a team of 19 faculty members, and around 5 postdocs and 35 PhD students.

It offers a vibrant research environment, with 2 weekly seminars in economics, strong links with other research centers at UCLouvain in finance, operations research and statistics, and a large academic network of corresponding members and visitors.

**We are currently recipient of 20 research grants, including an ERC advanced grant. Our main fields of research:**

- Macroeconomics, growth and economic history
- Development economics, labor and social economics, and policy evaluation
- International economics and migration
